

OVERVIEW

The Twisted T200. A compact solution for big adventures. The Twisted T200 is an incredible RIB with agile handling and best-in-class social space. At 23ft the T200 can be easily towed and launched single handed from wherever the adventure starts.

Powered by a 200HP outboard engine and rigged and commissioned in Salcombe, this British Made RIB has been through our Twisted artisan workshop to create a build like no other. Performance on the water is our obsession and it shows.
